This is a 5 week academic summer school program with certificated teachers and Instructional Assistants. It is not a summer camp. It's an all or none program in order for students to make the most gains academically.

Snack and Lunch: Students must bring their own snack and lunch. Food delivery service will not be allowed as we do not have staff covering the main desk at all hours of the summer program.

Dress Code: Students should be comfortable as it does get hot in the building. Clothing should not have inappropriate language or images, no midriffs, no spaghetti straps. Shorts, skirts, and dresses should extend at least as far down the leg as fingertips dangle.

Behavior: There is zero tolerance for disruptive classroom behavior during the Summer Program. Students who engage in disruptive classroom behavior such as inattentiveness, disrespectful behavior towards others, improper use of school equipment, and inappropriate language will be removed from the program.
